

Mission Statement

Our vision

We strive to be a leading, bank-independent management company in the Liechtenstein fund market and to promote its evolution as a world-class fund design center.

Business philosophy

Within the legal framework, we offer our initiators the largest degree of freedom in designing investment funds and investment undertakings with a focus on accommodating the needs of the initiators and their customers.

Mission statement

As the Liechtenstein fund market's first bank-independent management company, we can leverage many years of experience combined with the spirit of innovation. We are service providers with the understanding that our business is to serve and perform.

Our clients constitute the nucleus of our activities. We see ourselves as competent, professional, and systematically client-oriented service providers. Our approach is authentic, respectful, and committed. Our clients and business partners trust us, and together, we develop partnerships that prioritize long-term success.

Staff members

IFM Independent Fund Management AG places emphasis on a positive working climate and a pleasant operating environment.

We encourage our employees to hone their skill sets by offering them suitable promotion and career development opportunities.

Our staff members are dedicated, motivated, and team-oriented; they identify with our company's objectives. We expect them to perform their work independently and responsibly and know that we can rely on their accountability.

Our communication policy is responsive, open, and informative. We settle conflicts with respect in constructive dialogs with the involved parties.
