Legal advisory
The historic performance of a unit is no guarantee of similar current and future performance. The value of a unit may rise or fall at any time. Additionally, the performance data does not account for commissions and costs associated with the issue and redemption of units.

OGC/TER 1 (hereafter: TER)
A synthetic TER is calculated if units of other funds (target funds) are acquired in volumes of at least 10% of the fund's assets. The TER of the fund reflects the costs directly incurred at the level of the fund and - in the case of a synthetic TER - the additional pro-rata TERs of the respective target funds weighted by their quotas on the closing date as well as the actually paid issue premiums and redemption charges of the target funds.

Supplementary information

Valuation principles

The assets of the AIF are valued according to the following principles:

1. Securities that are officially listed on a stock exchange are valued at the last available price. If a security is officially listed on several stock exchanges, the last available price of the stock exchange that is the main market for this security is decisive.

2. Securities that are not officially listed on a stock exchange but are traded on a market open to the public are valued at the last available price. If a security is traded on various markets open to the public, the last available price on the market with the highest liquidity is generally decisive.

3. Securities or money market instruments with a remaining term of less than 397 days can be amortised or written up on a straight-line basis at the difference between the stand price (purchase price) and the redemption price (price at final maturity). A valuation at the current market price can be omitted if the redemption price is known and fixed. Any changes in creditworthiness are also taken into account;

4. Investments whose price is not in line with the market and those assets that do not fall under item B.8.1, section B.8.2 and item B.8.3 above are recognised at the price that would probably be achieved in the event of a sale due at the time of valuation and which is determined in good faith by the management of the AIFM or under its direction or supervision by authorised agents.

5. OTC derivatives are valued on a daily basis on the basis of a verifiable valuation to be determined by the AIFM in good faith and in accordance with generally recognised valuation models verifiable by auditors on the basis of the probable realisable sales value.

6. UCITS, AIFs and other undertakings for collective investment (UCIs) are valued at the last established and available net asset value. If redemption is suspended for units or there is no redemption entitlement for closed-ended funds or no redemption prices are set, these units and all other assets are valued at the respective market value as determined by the AIFM in good faith and in accordance with generally recognised valuation models that can be audited by auditors in accordance with.

7. If no tradable price is available for the respective assets, these assets, as well as the other legally permissible assets, are valued at the respective market value as determined by the AIFM in good faith and in accordance with generally recognised valuation models verifiable by auditors on the basis of the probable realisable sale value.

8. The valuation of unlisted equity securities is based on the most recent reports prepared by the respective companies and any formal audit certificates, insofar as these are available and usable;

9. Cash and cash equivalents are recognised at their nominal value plus accrued current interest.

10. The market value of securities and other investments denominated in a currency other than the currency of the AIF is converted into the corresponding currency of the AIF at the latest mean rate of exchange at.

The AIFM is authorised to temporarily apply other adequate valuation principles for the assets of the AIF if the above-mentioned valuation criteria appear impossible or inappropriate due to extraordinary events. In the event of massive redemption requests, the AIFM may value the units of the AIF's assets on the basis of the prices at which the necessary sales of securities are expected to be made. In this case, the same calculation method is used for issue and redemption applications submitted at the same time.

Remuneration Policy(unaudited)

Remuneration information
The following remuneration information relates to IFM Independent Fund Management AG (the "Company"). This remuneration was paid to the employees of the Company for the management of all UCITS and AIF (collectively "Funds"). Only a portion of the reported compensation was used to compensate the services provided to this Fund.

The amounts shown here include the fixed and variable gross compensation, i.e. before deduction of taxes and employee contributions to social security institutions. The Board of Directors is responsible for the annual review of the Company's compensation principles, the determination of the "Identified Employees"[1] and the approval of the total compensation actually paid. The variable compensation is shown below by means of a realistic range, as the former depends on the personal performance and the sustainable business results of the Company, both of which are assessed after the end of the calendar year. The approval of the variable remuneration by the Board of Directors can take place after the report has been prepared. There were no significant changes to the remuneration principles valid for the calendar year 2025.

The funds managed by IFM Independent Fund Management AG and their volume can be viewed at www.lafv.li. A summary of the company's remuneration principles is available at www.ifm.li. In addition, the Company will grant access to the relevant internal guidelines free of charge upon request. The remuneration paid by service providers, e.g. delegated asset managers, to their own identified employees is not reflected.

Remuneration of the employees of the Company[2] as at 31 December 2025

Further information

Remuneration information pursuant to UCITSG/AIFMG

Asset management company: CATAM Asset Management AG
Fund: Qwilenium Fund

The management company or the AIFM has delegated the portfolio management in relation to the above-mentioned fund to the above-mentioned asset management company (in short: 'AM company'). The remuneration shown below was used to remunerate asset management services for funds.

Total remuneration of the AM company in the past calendar year 2024[1)]	CHF 3'655'099.--
➢ of which fixed remuneration	CHF 1'764'822.--
➢ of which variable remuneration [2)]	CHF 1'890'276.--
Total number of employees of the AM company as at 31 December 2024	27 Employees

[1)] The total remuneration relates to the employees of the asset management team of the AM company, including members of the Board of Directors in relation to funds. The remuneration amount shown is the gross remuneration, before deduction of taxes and employee contributions to social security institutions, or the gross remuneration paid to the Board of Directors.

[2)] The variable remuneration comprises the cash bonus and the value of any remuneration instruments transferred to the employees' ownership. The remuneration instruments allocated are recognised at their current value. If the variable remuneration has not yet been determined at the time of reporting, an expected value is recognised.

Specific information for individual distribution countries

Information for qualified investors in Switzerland

This fund (collective investment scheme) may only be offered in Switzerland to **qualified investors in** accordance with Art. 10 of the Collective Investment Schemes Act (CISA).

1. Representative
Representative in Switzerland is LLB Swiss Investment AG, Bahnhofstrasse 74, CH-8001 Zürich.

2. Paying agent
Paying agent in Switzerland is Helvetische Bank AG, Seefeldstrasse 215, CH-8008 Zürich.

3. Place of reference of the relevant documents
[Fondstyp_PRIIP], die Anlagebedingungen, the basic information sheets (PRIIP-KID) as well as the annual reports (and semi-annual reports, if any) can be obtained free of charge from the representative as well as from the paying agent in Switzerland.

4. Payment of retrocessions and rebates

4.1 Retrocessions
The AIFM and its agents as well as the depositary may pay retrocessions to cover distribution and brokerage activities of fund units in Switzerland or from Switzerland. In particular, any activity aimed at promoting the distribution or brokerage of fund units, such as the organization of road shows, participation in events and trade fairs, the production of advertising material, the training of sales staff, etc., shall be deemed to be distribution and brokerage activities.

Retrocessions are not considered rebates, even if all or part of them are ultimately passed on to investors.

The disclosure of the receipt of retrocessions is governed by the relevant provisions of the FIDLEG.

4.2 Discounts
The AIFM and its agents may pay rebates directly to investors upon request in the distribution in Switzerland. Discounts serve to reduce the fees and/or costs attributable to the investors concerned. Discounts are permissible provided that they

- are paid from fees of [TypRegel; the management company;the AIFM] and thus do not additionally burden the fund assets;
- be granted on the basis of objective criteria;
- be granted to all investors meeting the objective criteria and requesting discounts, under the same time conditions, to the same extent.

The objective criteria for granting discounts by [TypRegel; the management company;the AIFM] are:

- The volume subscribed or the total volume held by the investor in the collective investment scheme or in the promoter's product range, as the case may be;
- the amount of fees generated by the investor;
- the investment behavior practiced by the investor (e.g. expected investment duration);

Upon the investor's request, [TypRegel; the management company;the AIFM] shall disclose the relevant amount of discounts free of charge.

5. Place of performance and jurisdiction
For units offered in Switzerland, the place of performance is at the registered office of the representative. The place of jurisdiction is at the registered office of the representative or at the registered office or domicile of the investor.

Statutory Auditor's Report of the Qwilenium Fund

Berne, 11 June 2026

Report of the Independent Auditor on the Financial Statements 2025

Opinion

We have audited the financial statements of the Qwilenium Fund which comprise the statement of assets and the asset inventory as at 31 December 2025, the statement of income for the year then ended, and the changes of net fund assets and the supplementary information to the financial statements.

In our opinion, the financial statements (pages 7 to 20) give a true and fair view of the financial position of the Qwilenium Fund as at 31 December 2025 and its financial performance for the year then ended in accordance with Liechtenstein law.

Basis for Opinion

We conducted our audit in accordance with Liechtenstein law and International Standards on Auditing (ISAs). Our responsibilities under those provisions and standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report.

We are independent of the Alternative Investment Fund Manager in accordance with the provisions of Liechtenstein law and the requirements of the audit profession, as well as the International Code of Ethics for Professional Accountants (including International Independence Standards) of the International Ethics Standards Board for Accountants (IESBA Code) and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The management of the Alternative Investment Fund Manager is responsible for the other information. The other information comprises of the information in the annual report other than the financial statements listed in the paragraph "Opinion" and our auditor's report.

Independent auditor's report

Shape the future with confidence

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit, we have the responsibility to read the other information and to consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, on the basis of our work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the management of the Alternative Investment Fund Manager for the Financial Statements

The management of the Alternative Investment Fund Manager is responsible for the preparation of the financial statements that give a true and fair view in accordance with Liechtenstein law, and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the alternative investment fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the alternative investment fund, or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Liechtenstein law and ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Shape the future with confidence

As part of an audit in accordance with Liechtenstein law and ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Alternative Investment Fund Manager's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Alternative Investment Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Alternative Investment Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Independent auditor's report

Shape the future with confidence

We communicate with the management of the Alternative Investment Fund Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
